

MINDFUL MONDAY JUNE 24th

Give us each day our daily bread. Luke 11:3

God gives us what we need. When we pray, we often ask for God to give us something. We can pray for healing for the sick, we can pray for good fortune to come to us, we can pray for things to happen in our lives. All of these prayers are heard and answered, but not always in the ways we expect. God gives us what we need, not always what we want. Our paths are already decided, and God give us the answers to our prayers. Sometimes we need to pay attention to how he answers our prayers.

When Jesus fed 5000 he did it with five loaves of bread and two fish. God provided. Something impossible made possible. God always provides our needs.

So as we pray we need to remember that God is listening and God will provide us with what we need. We need to give thanks for all He provides and be thankful when our prayers are answered. Today we pray for all of those that have prayer needs. We ask for God's will to be done. We ask for God to provide. Thy will be done.

We pray for those that have requested prayers. We pray and give thanks for answered prayers. We pray for those on our prayer list. We pray for health and well-being.

We pray for those on the weekly regional prayer calendar. Bondurant Christian Church, Bondurant, IA
