

## MINDFUL MONDAY JULY 1ST

Sunday Pastor Bob Robida brought to us the story from Mark of two miracles. These are incredible miracles on their own, but to have them happen in the same story just reminds us that through God, anything is possible. A desperate woman and desperate family do whatever they can to have Jesus heal them. He does. We know that prayers can be answered. We know that God can make the unimaginable happen. We may not always know what the response will be when we ask for God to intervene. God gives us what we need. But prayer is the way to have God hear us. Prayer is the way to have God show His power. Prayer is the way to have God's will be done. So, pray today and pray always. Through prayer God will show us the way. Today we come to you Lord asking for many prayers. Hear us, heal us, answer our concerns that we bring to you. We lift up in prayer Kay for a successful surgery today and for quick healing and recovery. We pray for Paul and Karen as they navigate Paul's health concerns. We pray for Craig and his doctor appointment for his heart. We pray for Pat's friend, George. We pray for Jan's mom. We pray for Colton and his father. Please Lord, hear our prayers.

We pray for the members on our prayer list. We pray for our church. We pray for Your guidance and your presence as we move forward.

We pray for the congregations, ministers, and ministries from the Upper Midwest Regional Prayer Calendar this week.
